DOUBLY PROVEN.

McConnellsburg Readers Can No Longer Doubt the Evidence.

This McConnellsburg citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Miss Susan Peightel, Main St., McConnellsburg, says: "I was in poor health for some time and I believe that weak kidneys caused the trouble. I suffered greatly from severe pains in my back which often darted into my head I often became dizzy and had chills. I was losing strength daily and felt poorly in every way. Doan's Kidney Pills, procured at Trout's drug store, brought me quick relief." (Statement given November 5, 1907)

Over Six Years Later, Miss Peightel said: "Whenever I need a backache or kidney medicine, I use Doan's Kidney Pills. They relieve me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Peightel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Sympathy for Dogs.

Statewide sympathy among dog lovers is being aroused for dogs that by way of chance may be in a position to become victims of vivisectionists. Vivisection is the cutting into a living animal for scientific investigation. An unusual barbarous case was recently brought to light by the American Anti-Vivisection Society. Two dogs were used for the purpose of grafting bones. A certain portion of the body of one dog was removed and another dog tied to it.

The corresponding portion of the second dog was grafted by ligatures and pressure; both animals were held in position to see if one portion would grow on the other animal. One of the victims died at the fifth day. The windpipe of one of the dogs was tied with a cord. The string was placed around the trachea during lifetime, the object being to observe the effect of gradual strangulation on the respiration, heart and nervous system. Is it any wonder that the protest against vivisection is growing stronger and stronger?

Officials of the American Anti-Vivisection Society declare that they do not believe people generally are aware of the cruelties practiced upon animals in the name of science, and investigations are being conducted in order to bring the facts to the attention of the public.

BIG COVE TANNERY.

We are having a few days of fine weather which leads one to believe that spring is near, and the condition of the roads indicates the same.

Rev. A. R. Gariand, of Belle Grove, Md., preached quite an able sermon last Tuesday evening at Laurel Ridge.

Isaac Peck, an enterprising carpenter of Needmore, recently moved into one of Rowe Mellott's tenant houses.

Biddis Lynch is hauling stone with the intention of burning a lime kiln in the spring. He believes in improving his farm.

The calathumpian band of Laurel Ridge met at Jacob Clouser's last Thursday evening, and furnished the newly married couple Miss Bertha Hess and I. A. Douglas, with very fine music. After congratulating the bride and the groom the boys were invited into a good feed.

A stork passed over Big Cove Tannery and left a baby daughter at the home of Mr. and Mrs. Thomas Keeter.

One in Ten.

On every tenth farm in Pennsylvania there is an automobile. Farmers as a class have more pleasure cars than any other social or economic division of individuals in the commonwealth.

For the year just closed 14.1 per cent. of the cars registered in the State were in the hands of farmers. Growing popularity and usefulness is given as the cause for the big increase in one year.

In the richer agricultural counties the number of cars owned is very large.

In ten of the sixty-seven counties between fifteen and eighteen per cent. of the farmers drive their own cars, while in almost half, more than ten percent. own cars. Several counties report gains of 150 to 200 per cent. in the number of cars on the farm, while gains of 100 per cent. are common.

TIT FOR TAT

New Maid—Mrs. G. Ossip called while you were out ma'am.
Mrs. Tellit Wright—Thank goodness, I was out.
New Maid—That's just what she said ma'am.

JOKE IN SUBWAY SQUEEZE.

Although each of the elevators at the One Hundred and Sixty-eighth street station on the Broadway division of the subway can accommodate about eighty-five people they are often overcrowded during the evening rush hours and the passengers are jostled, pushed and squeezed until they wish they had walked upstairs.

Through it all most of them take the matter good naturedly and even joke about it. One man who was right in the middle of the crush the other night suddenly ejaculated:

"Hey, folks, look out for my cigars, you'll crush them."—New York Evening Post.

ST. WILLIBROD.

Luxembourg, whatever her claims to the protection of Great Britain, possesses one strange association with England that dates back for 12 centuries. It is connected with a cult of St. Willibrod, the variously spelt Saxon saint who helped to convert the Germans to Christianity. Every Whit Tuesday the memory of the English saint is honored at Luxembourg by a procession and religious dance which rank among the most curious survivals of medieval peasantry.

THE BATTLE ROYAL.

"I shall never marry," remarked the girl of a certain age, but not specified.

"Never mind, dear," replied her best friend—they always travel together in jokes. "Everybody will know that you made a heroic fight against the inevitable."

A LUCKY WOMAN.

"You say she's happy?"
"Very happy. She married the captain of a tugboat."

"What has that got to do with it?"
"He isn't at home much more than a drummer is."

THE OTHER POINT OF VIEW.

"So you are taking summer boarders this year?"
"Yep; we didn't have to, but my wife loves to hear 'em talk that city dialect."—Judge.

WA?FOEDSBURG, R. R. I.

The weather is still very changeable and the people are still gripping with grip.

The sick in our neighborhood are somewhat better at this writing.

Miss Queen Plessinger is spending some time with her grandmother, Mrs. Emanuel Mills, in Brush Creek Valley.

William Rice and wife, of Buck Valley, spent Thursday of last week with the Misses Kate and Anna Smith.

Charlie Bruner, wife and two children, of Arcanna, Ohio, are spending this week with their cousins, Allen and Luther Smith and Mrs. Amos Barber.

C. V. S. N. S. Notes.

Our basket ball team won a very exciting game from the Mt. Alto Forestry Academy on Saturday by the score of 36-23. Barnhart, our star athlete, played his usual fast game at forward, and the man that guarded him from the visiting team was Newton Morton, also a Fulton county boy. Mr. Barnhart will graduate from Normal in June, and Mr. Morton will graduate from the Academy in August.

The Normal Literary Society held its regular monthly election on Friday evening, January 21. Among the newly elected officers was Miss Maudeline Stevens, who was elected secretary of the organization.

Dr. Ezra Lehman addressed the Franklin County Directors' Association in Chambersburg, on Friday afternoon.

The attendance of the school is growing very rapidly, especially among the boys.

Dr. E. D. Warfield, president of Wilson College, will visit Normal next Thursday morning and will address the students.
